

AAGCU is on the go!

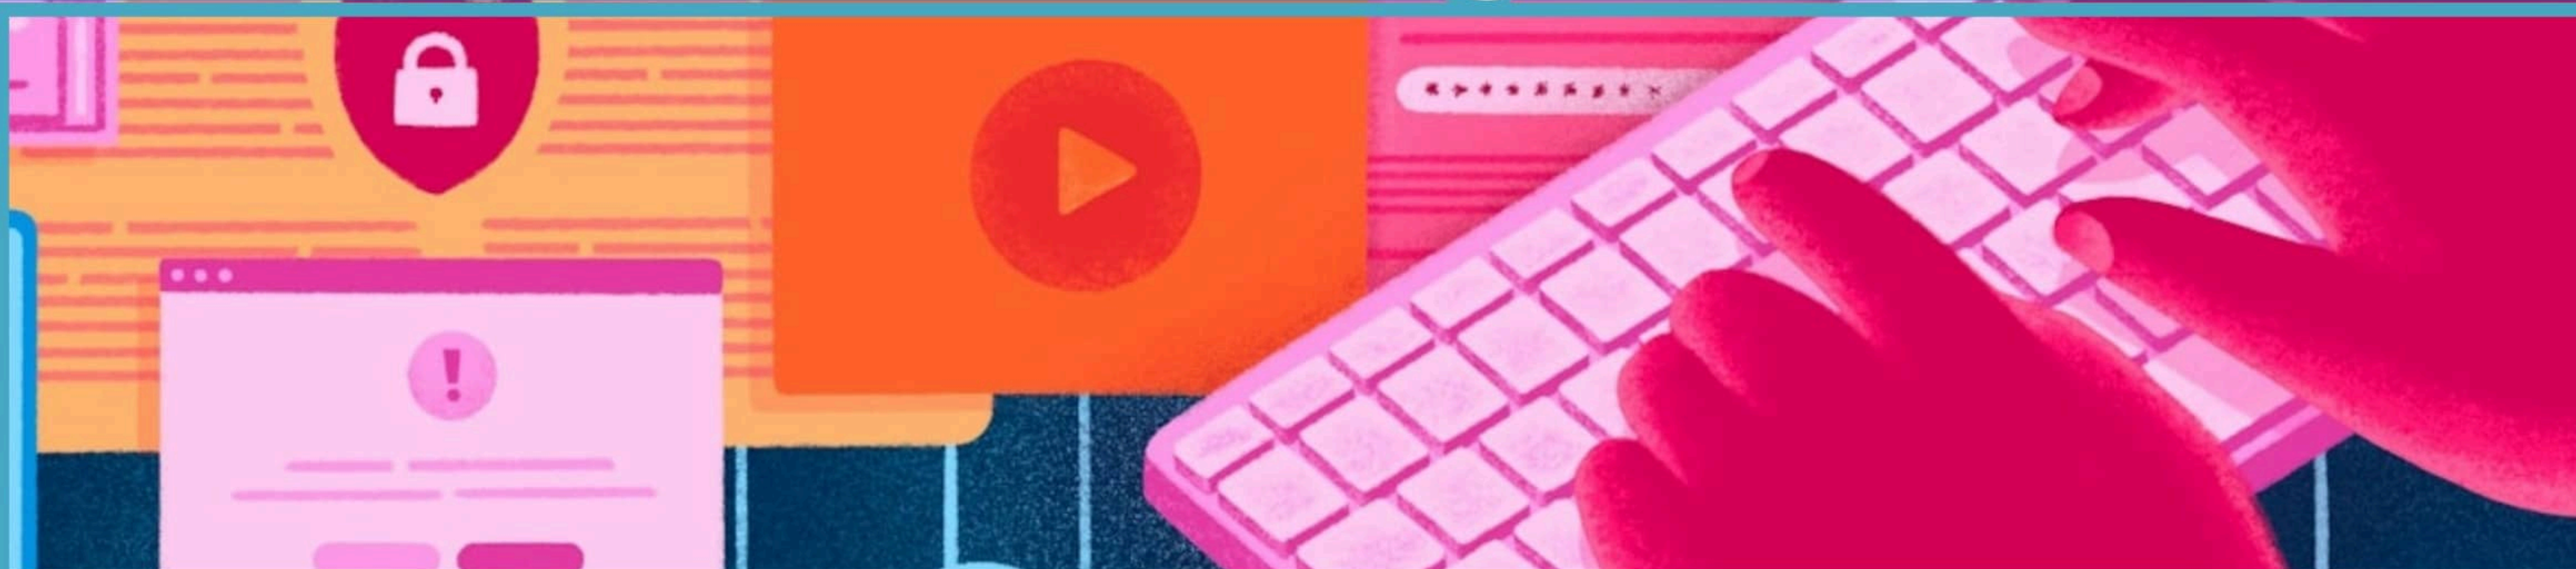

Our team has been as busy as ever connecting with our membership base across the country. From station visits to North Star Orientation, AAGCU is on the go!

Read our newest blog to catch up on where we've been:

Beware of Phishing Scams

Phishing scams are fraudulent attempts to deceive people into revealing sensitive information. These kinds of scams can increase during the holiday season, and it's important to be cautious. Phishing uses fake emails, messages, or websites that appear to be from trustworthy sources.

Phishing scams use sophisticated tactics like creating convincing replicas of legitimate websites, exploiting fear or curiosity, and using deceptive urgency. These tactics can lead individuals to disclose sensitive information or click on malicious links without thinking it through.

How to Avoid Phishing Scams

- Being skeptical of unexpected emails or messages
- Verifying the sender's authenticity
- Using multi-factor authentication
- Don't click on unknown attachments
- Staying informed about common phishing tactics

Retirement planning at every age

We are excited to provide two virtual retirement planning seminars with an expert financial advisor for the members of AAGCU. The seminars will be broken into two sessions, depending on your retirement timeline.

Late Career Focus: Nov. 10th at 12pm PST
Early-Mid Career Focus: Nov. 18th at 12pm PST

RSVP for one or both on our website. Stay tuned for more details.
